Southern Cross Transport Equipment Group teamed up with British company Montracon Ltd to introduce a new series of Transport Equipment in Australia.

Manufactured in the United Kingdom, the “Montracon” series has been designed in co-operation with Southern Cross’s local engineering team to meet the harsh requirements of the Australian Market and Specific Australian Design Rules.

You’ll still have the flexibility to specify your preferred:

- Air Suspension
- Axles

Heavy Duty Rear Dock Compression Member

Side Underrun Protection - Standard

NOT JUST ANOTHER IMPORT

ADR
compliance

The “FRP Montracon”
has full ADR Compliance

**Full Australia Wide
