PRODUCT RANGE

BUILT STRONGER! TO LAST LONGER!

ABOUT SOUTHERN CROSS TRAILERS

Southern Cross Trailers located in Adelaide, South Australia, commenced business on 3rd May 1976. We are a specialised Semi Trailer Manufacturer, with a focus on producing custom built trailers, specifically developed to meet your freight task.

Each trailer is designed in-house using the latest computerised technology, with every production process meticulously checked, to ensure that a 'first class' quality product is delivered to your exact specification.

As a result of our extensive industry experience, we can provide you with a range of trailer configurations to meet just about any in-field requirement. All are engineered to return the lowest in running costs per kilometre and all are manufactured for long-term reliability.

Added to that is our unconditional service back-up, personalised approach to the business and our reputation for supplying 'only the best in equipment' and you'll be glad you chose Southern Cross Trailers as your leading trailer supplier.

BUILT STRONGER! TO LAST LONGER!

The production excellence at SCTEG Trailers is founded on solid engineering principles, with **QUALITY, STRENGTH, LONGEVITY** being at the heart of the company's underlying values.

SOME OF OUR VALUED CUSTOMERS

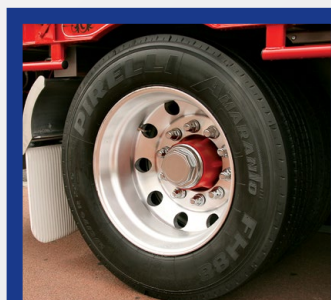

FLAT TOP TRAILERS

TRUSTED FOR GENERATIONS & BUILT FOR YOU.

Southern Cross Flatbeds reflect decades of proven performance and service. Today, our network of experienced dealers helps each fleet and owner-operator get a flatbed semi-trailer completely customized for any haul, application or requirement.

With personal attention & backed by years of expertise our Southern Cross engineers design for strength, flexibility and lower total cost of ownership. We proudly stand by our Custom Built Flatbed Trailers with an industry leading warranty, and we work alongside you on day one and throughout the life of your flatbed.
